## Fatal Sleigh Accident.

**HIRAM EARL KILLED WHILE DRIVING TO TOWN.**

Monday afternoon a runaway accident cost the life of Hiram Earl, of Ferrybank.

In the morning Capt. C. B. Phillips, accompanied by H. Hertz and Alfred Wietich went out to look over some land north-west of town, and on their way home, when rounding the corner, immediately below W. T. Russell's, the sleigh upset and the horses got away. It was seen that another team was in front, about 150 yards, and before anything could be done the horses and sleigh plunged right into the rear of Mr. Earl, who was driving to town, being struck by the neck-yoke in the back. No time was lost in having the injured man conveyed to town, and medical aid secured, but from the first it was seen his case was hopeless, his ribs were stove in besides internal injuries, and he succumbed two hours after the accident.

Mr. Earl was born in Brookville, Ontario, some sixty years ago, and moved to the States when a young man. He had been in Ponoka for seven years ago, and settled in the Ferrybank district, where he had many friends. One of his sons, J. J. Earl, the Ferrybank boy, for a number of years, and moved out to the new town of Hurry, near Vogerville, a little over a year ago. James, his brother, is a highly respected citizen of our town. The rest of his relatives live in the States, and the sympathy of all who know the deceased will be extended to them in their sudden bereavement.

Capt. Phillips and his friends are very much distressed over the fatality, and did everything possible in the circumstances. They counted the strictest enquiry, but it was seen to be one of the so-called accidents for which no man is responsible.

## Is Your Cold Better?

No, it's as bad as ever. Nothing new, it's old. Why not use the simple, safe, specific "Catarrhone," which drives out cold in one day. It cures Catarrh and you will be relieved in two minutes. Continue the treatment and cure is assured. Healing for colds, throat trouble and Catarrh of the nose, throat and lungs. Sold everywhere, 25c and \$1.00.

## WANTED.

DAVID FORER, Chignell, Alta.

## Thousands Coming From Iowa.

Des Moines, Iowa, Feb. 18.—Hundreds of Iowa farmers will leave within the next six weeks to establish homes in Alberta and Saskatchewan. A majority of them have already purchased farms and are arranging to move their families to their new homes just as soon as spring opens up.

The magnitude of the movement from Iowa has been already purchased farms and are arranging to move their families to their new homes just as soon as spring opens up. The magnitude of the movement from Iowa has been already purchased farms and are arranging to move their families to their new homes just as soon as spring opens up.

This section of Iowa has supplied many thousands of Americans to the British North West. High rentals and extraordinary advances in Iowa land values have rendered it nearly impossible for the average farmer to continue a home of their own, he continues to advance in land prices even after he has passed the \$100 per acre mark.

The only future they can see in investing their small savings in Iowa land is a lifetime drudgery in meeting future payments, debt and interest clouding to rendering portion of their years. Hard crops and good weather during the last few years have enabled all to save some money, and for the past eighteen months there has been a constant search for a new country and a "poor man's land."

First there was a movement to the Dakotas, but the better grade lands there have been taken up and large companies have secured control of the other large tracts for special purposes, putting the price to the land seeker at the most exorbitant figure ever heard of. Lano men say that the movement this spring can't help but make a still greater movement this fall and next year from this spring, as the usual going now will be certain to attract them. The low prices enable them to buy good sized farms of their own for less than would be needed to make a first payment on a small Iowa farm.

With another year of good crops such as last year, thousands of farmers will be in a financial position to buy Canadian farms of their own, improve and stock them. The extraordinary condition obtaining in Iowa was made known recently when the result of the last census was given out. It showed a decrease in the population of the state in comparison with the census of 1900, the extent of the being startling when only the rural population figures were compared. There have been many explanations offered, but the one generally accepted is as above.

## THE WESTERN WOMAN.

A Presbyterian minister, now in Toronto, but previously in Winnipeg, tells the young Toronto Presbyterians of the merits of the western woman. He called attention to their loyalty, their devotion, and their optimism under circumstances that might seem trying.

He referred to their happiness in shacks, which were little more than shacks, than piano boxes. The praise thus bestowed upon women of the west is well deserved. No ecology of the women of Alberta can be too great, and all Alberta women do not live in shacks either. The Toronto minister might add that these women make of the little piano box shacks glimpses of heaven that the women themselves, in addition to being cheerful and lovable, are cultured and very intelligent. With mothers like these, the Alberta of the next generation will be well prepared to take its place as first province of the Dominion—(Calgary Alberta).

## TENDERS.

Sealed Tenders will be received by the undersigned up to and including March 15th, 1907, at his office, in the Town of Ponoka, for building a brick veneered Town and Fire Hall marked cheque for 10 per cent, with accompanying tender, Plans and specifications on view at his office. Tenders or any tender not necessarily accepted.

J. A. JACKSON, Secretary, Town of Ponoka.

## THE LATE MR. S. B. LUCAS.

In the death of Mr. S. B. Lucas, well-known and highly respected citizen has been taken from our midst, and Alberta lost one of her earliest pioneers.

Born in Aylmer, Quebec, in 1841, he was educated for a surveyor and followed that profession for fifteen years. He was sent, at an Indian agent to the Hobbins and Battle River Indians in 1879, and started a large farm for himself. Two years later he moved west to Aylmer for his family travelling from Winnipeg to Edmonton by trail—a notable trip.

In 1907, when the Indian rebellion broke out, Mr. Lucas was placed in a rather trying position and, for his family's safety, moved into the Fort at Edmonton, where he remained for a few months, and when the present agency building was erected he moved his family there, where he resided till 1907, when he was transferred to the Reserve, near Calgary.

In 1907 he left the Department and came to Ponoka, locating at Twin Lakes, where he remained till his death.

Mr. Lucas was a well informed man, and had an abundance of information, and good sound advice to give the new comer. His faint heart has been cheered on, day by day, and now they bless the day they took his advice. Toiling of the old times and experiences, when this land scarcely knew the white man, was his delight, and getting some kind of pleasure from to see how his predictions were being fulfilled, how towns had sprung up, the land peopled by a thrifty and industrious race, who were more than holding their own against the odds of the prairie.

He married Amelia Francis Aylmer in 1871, who survives, and besides a family of six children and two brothers, one in Wetaskiwin and the other in Vermont, United States.

# Local News.

Methodist Church anniversary on Sunday and Tuesday.

D. J. Perkins, left for Medicine Hat on Monday, with the intention of bringing back a car load of sheep.

A. J. Ray and H. Phelps, of Lacombe, were in town this week on some trading.

J. A. Johnson has an article in this week's issue which ought to appeal to the citizens.

Parker, a sale, eight miles north of town, on Monday Feb. 23. Good horses and cattle, and the sale as important one.

J. Eliason has sold his property—house, lot, furniture and driving outfit to John Bure. Mr. Bure took possession on Thursday.

T. McMillan started for Maud, S.D., on Wednesday, to visit his mother. He is to be back in time for the active work at the creamery.

M. Kimmey, of Chesterwood, was in town Wednesday. Mr. Kimmey had the misfortune to cut one of his feet rather badly a couple of weeks ago, but is now able to move about, although still feeling the effects of the wound.

Mr. Gansler, of Dublin, Ohio, who was up here last June looking for a location, but was persuaded to try Washington, returned here last week, and intends making this his future abode. He has been looking over several districts.

W. N. Shaff reports good prices at the sale he cried for R. M. Whitecotton, near Lacombe, on Monday. Cows went from \$25 to \$35, yearling, \$17 to \$20, and calves \$11. A team of mares sold for \$335, team geldings \$270; yearling colts, \$24 a head. Machinery also sold high. The total realized was \$2,400.

The Methodist congregation has made elaborate preparations for their anniversary services, which are to be held on Sunday and Tuesday. Sunday Rev. A. C. Farrell, B.A., of Red Deer, is to officiate. On Tuesday evening, an entertainment will be given in the church, when a high-class programme will be rendered. The Crows family orchestra, of Lacombe, is to take part, and Rev. G. W. Kerby, B.A., of Calgary, is to lecture.

Tuesday afternoon a serious case of threatening to shoot was tried in town before Justice Phillips and Hare. The cause of the quarrel was about food. A farmer had rented his farm and claimed part of the straw; the tenant and his son could not see it in that light, and when prosecutor made his appearance on the place, was met with a rather warm reception. The outcome was that the father had to pay \$5 and costs for threatening with a pitch fork, and the son \$50 and costs for threatening to shoot. That should act as a warning as there has been far too many similar cases brought to our notice lately.

K. Perry, of Earlville, is suffering from an attack of pleurisy.

Ray Brewster left on Wednesday to visit relatives in Nebraska.

C. Marker, creamery commissioner of Calgary was in town this week last week, having attended Frynauk creamery meeting on Thursday.

R. H. Wilcock and J. R. Caruthers are to have a sale on their farm, near Ferrybank, on March 5. Particulars in sale bills and advertisements.

J. H. Coverdale and J. D. Holder, of Rimby, were in town Friday making final proof on their homesteads. They were accompanied by J. L. Lloyd.

What can be said on that absorbing topic—the weather, this week, scarcely so good as last week but never the less not bad. A light fall of snow on Tuesday just reminded us that we were scarcely round the corner yet.

A number of our young people have enjoyed several evenings in the ice the past week, but until a covered rink is forthcoming there is not much chance of great things doing on the volarities of skating or hockey.

We were quite surprised some two days ago to hear that Harry McKee had rushed off to Wetaskiwin over, through, or under such impassable roads, but when, a few days later, it was announced that in the house at Highland Ranch, there had been a quiet wedding, in which he and Mrs. Minnie Wilson were the principals, it dawned upon us that he was drifting from this world of ours to more hazardous undertakings.

The bride is a lady of education and refinement whom to know is but to love. The groom—well, who does not know Harry (and their name is legion), will agree that he will prove himself worthy of the one who has entrusted her happiness to his keeping. Since sorrow nor affliction, success nor failure, can create barriers to the peaceful sailing of their matrimonial barque, we do not feel like extending the usual stereotyped congratulations, but express a simple wish that they may live to ripe age and continue to dwell at Highland Ranch.—C.O.

Cataract Cannot be Cured With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Cataract is a blood condition local disease, and in order to cure it you must take internal medicine. Hall's Cataract Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Cataract Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular cure of the best tonic known, combined with the action of the sun. The perfect combination of the two ingredients is what produces such wonderful results in curing Cataract. Send for testimonials from F. J. CHERRY & CO., Props., Toledo, O. Sold by Druggists everywhere. Take Hall's Family Pills for constipation.

D. C. Tiffany, Jr., of Ellettsville, was in town on business on Tuesday.

Premier Roblin has announced that the Winnipeg Provincial election will be on March 7th. Nominations will take place on Feb. 28th.

The church of England service will be held at 3 p.m. on Sunday next Feb. 24th, in the Methodist Church.

The wedding of Baptiste Telford and Anna Sidel took place at the home of Anna Bittner on Wednesday. A number of friends witnessed the ceremony, which was performed by Rev. Mr. Dalgleish. Anna Bittner was ring girl, and Mrs. Bure played the wedding march. After the ceremony the young couple drove out to the bride's parents home, west of town, where a grand reception was held, the friends of the young couple getting in from far and near.

Some strange reports reaches the newspapers occasionally, and at times the information given not always correct. But this time the G. stas Brees, Nebraska, has gone astray. It commences by stating that "Report has reached Grctna that a son of Frank Drummold, formerly well known in this vicinity, was frozen to death recently severe cold at his home in Ponoka, Canada. Report also says that Mr. Drummold also lost a number of head of cattle during the same spell of weather. The financial loss in the cattle is not so great, but if the report of the death of the boy is true, then the family have the sincere sympathy of all their Sarpy county friends." The strange thing about the report is that it has never been mooted in our district. We certainly never heard a word about it. Mr. Drummold himself knows nothing as to the reason why such should have been written. We live to be charitable, but when it is stated that many old residents of Grctna are living here, and doing remarkably well, and that the Brees editor knows well that many more are coming to Alberta, who they will not do not do as well, then the motive is plain. For the information of the Brees and "Sarpy county friends" Mr. Drummold and his family are well, prosperous and contented.

PIANO TUNING.  
J. R. Ehlmann, the veteran expert piano man, will be in Ponoka on the 25th inst. Leave orders for tuning with Mrs. F. J. West at the Royal Hotel, to which prompt and careful attention will be given.

Ponoka, Alta.

The Bar is stocked with a Fine Stock of Liquors and Cigars.

The President of Alberta Methodist Conference will lecture here Tuesday evening.

Miss La Rosa Carpenter, who has been on a visit to her old home in Nebraska, returned Saturday and visited with Mr. and Mrs. Boynton for a day or two. Miss Carpenter is a keen observer, and states that, notwithstanding a number of false rumors as to the conditions here, there are many looking toward the Northwest. Her brother and brother-in-law were preparing to make Alberta their home. Several wanted to know if she would return to the old home, but the answer was always a straight "No. I am an out and out Canadian."

The district of Asker, and in fact the surrounding country was thrown into gloom this week when it became known that Ole Oas had succumbed to an attack of rheumatic fever Monday morning. Mr. Oas was well known in the vicinity, and for his strict integrity and honesty of purpose, made many friends. He came to Asker about 7 years ago, and was looked upon as one of the foremost farmers in that district, and for such a young man, between thirty and forty, his untimely and has left a blank. Even ready to assist in all good work, a neighbor had never to appear in vain he was in truth a man among men, and his memory will long be kept green by the people amongst whom he loved to dwell. He leaves a widow and large family to mourn his loss.

There will be no service in the Baptist church Sunday evening Feb. 24th, members and friends are requested to join heartily in the Anniversary Services, at the Methodist church, for it is by joining together in worship that we develop in spirit of unity, and fulfill the prayer of our Lord "That they all may be one as Thou Father art in Me, and I in Thee." Please bear in mind that on Wednesday Feb. 25th, at 8 o'clock at our prayer meeting here, the Rev. J. R. Coutts will give an address in connection with our work at Brandon College. Come and find out how our college is developing. Pastor R. E. Guyatt.

Wanted a good agent to handle our wall-paper sample books on commission. Largest stock and lowest prices make it easy to do business. L. C. WILSON, Box 810 Calgary.

## ANNUAL MEETING OF BATTLE RIVER CREAMERY.

A general meeting of the share-  
holders of the Battle River creamery  
association was held at Ferry-  
burg on Thursday Feb. 14th,  
1:30 p.m. and the ordinary routine  
of business gone through with.  
The secretary reported the cost of  
labor in building creamery, material  
and equipments, also cost of  
fuel, churning room and feed  
grinder. E. R. Olmsted was  
unanimously re-elected as president  
for the coming year, and Chas.  
Hewson as Vice-President. Messrs.  
John Hor, Geo. Herrick, P.  
Thorn and F. McLean, were also  
re-elected as directors. The new  
directors who appear on the board  
for 1917 are: S. B. Slawson, Geo.  
Euch, and Mrs. Deuel, Mr. C. L.  
Holeman, was appointed auditor  
for 1917.

After some discussion the board  
were authorized to have water in  
its well analyzed and arrange for  
a satisfactory water supply for the  
coming season.

Owing to the very satisfactory  
season last year the patrons decided  
to enter into contract with the  
government for the coming year.

The first of the general meeting  
was held on the third Monday  
to the third Thursday in January  
to make it more convenient for the  
members.

Mr. C. Marker, dairy commis-  
sioner, was then called on to ad-  
dress the meeting. He said the  
first year business of the Ferry-  
burg creamery is a record, there  
being \$4,500 lbs. of butter  
made. From every point of view  
it is a banner year. A statement  
was furnished showing the net cost  
of manufacturing, and a surplus of  
\$3,000. Some figures compiled from  
reports sent in by the patrons  
were given showing the average  
output per cow for last season.  
Farmers were urged to keep a re-  
cord of each cow in the herd. The  
committee will facilitate this by  
doing the testing and keeping the  
record, the patron to weigh and  
furnish samples of each cow milk  
at least three times a month. It  
is understood that a new method  
for handling the cream, which is  
probably to be adopted the coming  
season with a view to improving quality  
of the butter.

Mr. Marker then turned the  
meeting over to the committee on  
the questions of egg production  
and poultry raising, showing that  
in these lines as well as dairy  
business, there is a great need of  
improvement.

Mr. Marker was then thanked  
for his kind and interesting address.  
The farmers of this community  
are realizing as never before that  
dairying is an important industry  
in Alberta, and from the point  
of enthusiasm and genuine interest  
the meeting was the most success-  
ful yet.
